

Timothy Parrish

I am writing to communicate my wish to serve the Marine Embassy Guard Association as a member of its Board of Directors.

In almost a decade of service I have found no more noble cause than that of serving as a Marine embassy guard. In serving as a member of the Board of Directors I would like accomplish three initiatives:

- 1) Introduce new, innovative ideas for the advancement and development of the association.
- 2) Create opportunities for greater engagement with current embassy guards.
- 3) Develop historical data collection that highlights and shares the rich history of the program.

MSG Assignments
